## VCS becomes Certified Consulting Partner with Eclipsys Corporation

May 6<sup>th</sup>, 2010

Vitalize Consulting Solutions, Inc. has entered into an agreement to become a Certified Consulting Partner (CCP) with Eclipsys Corporation, The Outcomes Company®. As an Eclipsys Certified Partner VCS will be among a select number of outside firms that will receive training to perform certified service provider implementations, within the United States, of Sunrise Enterprise™ release 5.5.

- Eclipsys™ is a leading provider of advanced integrated clinical, revenue cycle and performance management solutions, clinical content and professional services.
- The alliance is designed to help Eclipsys meet the expected significant demand for health information technology that promotes more efficient and safer healthcare while retaining high levels of client satisfaction and quality.

“The Eclipsys Certified Consulting Partner Program entails rigorous upfront training and post-project work audit standards in order to provide Eclipsys clients with the highest levels of quality, service and satisfaction,” said Jay Deady, Eclipsys executive vice president, Client Solutions. “The decision to use certified partners reflects our ongoing commitment to work only with the most highly qualified professional services firms to deliver the on-time, on-budget activations our clients have come to expect from us. We are pleased that our certified partners share in our commitment to training and service, and welcome their assistance to help us efficiently and cost-effectively implement our software solutions.”

“We are excited to continue our long standing Eclipsys relationship with the execution of this new agreement; and to be one of the few consulting firms in the healthcare IT industry to be an Eclipsys Certified Consulting Partner. The agreement will benefit not only our two companies, but our consultants and customers as well,” remarked Robin Shine, VCS Senior Vice President of Consulting.

Statements in this news release concerning the implementation of and features and benefits provided by Eclipsys software and services and the implementation services provided by the Certified Consulting Partner are forward-looking statements and actual results may differ from those projected due to a variety of risks and uncertainties. Implementation and client-specific configuration of Eclipsys software can be complex and time-consuming. Results depend upon a variety of factors and can vary by client. Each client’s circumstances are unique and may include unforeseen issues that make it more difficult than anticipated to implement or derive benefit from Eclipsys software or services. The success and timeliness of the company’s services will depend at least in part upon client involvement, which can be difficult to control. More information about company risks is available in recent Form 10-Q and 10-K filings made by Eclipsys from time to time with the Securities and Exchange Commission. Special attention is directed to the portions of those documents entitled “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations.” Eclipsys, The Outcomes Company and Sunrise Enterprise are either registered trademarks or trademarks of Eclipsys Corporation (or its subsidiaries) in the United States and certain other countries. Other product and company names in this news release are or may be trademarks of their respective companies.
