## **VCS Expands their Ambulatory Offerings**

Kennett Square, PA– June 30, 2009– Vitalize Consulting Solutions, Inc. (VCS) is launching an initiative to better serve our clients' current challenges with Ambulatory solutions. Along with their established practices Cerner, Siemens, Eclipsys, Epic, MEDITECH, and McKesson, VCS will now provide consultants with expertise in Allscripts, eClinicalWorks, GE Healthcare, and NextGen applications. Each VCS ambulatory team member averages 14 years of healthcare experience and is dedicated to assisting with implementations, upgrades, optimizations, custom reporting, interfaces, and assessments across a broad range of solutions.

Kim Tombragel, VCS' new Ambulatory Practice Director says, "We are always exploring ways to provide the capabilities our clients require for successful attainment of their technology enabled imperatives and integration across the care continuum. Our expansion in this sector is just another step toward our commitment of becoming a full service consulting partner." VCS is committed to aligning with Physician Group Practices, as well as the hospitals, during this critical juncture of EHR use, patient safety, secure data access and reporting for successful outcomes.

### **About Vitalize**

Vitalize Consulting Solutions, Inc., Kennett Square, PA, Reading, MA, and Santa Ana, CA provides a wide variety of clinical, business, and IT solutions for healthcare enterprises across North America. Their comprehensive range of programs and services includes system implementation, integration, optimization, project management, custom reporting, education, and knowledge transfer expertise. VCS consultants and principals listen, advise, and strengthen their customers in the pursuit of their strategic IT initiatives. Primarily focusing on the Cerner, Epic, Eclipsys, Siemens, McKesson, MEDITECH, Ambulatory, and Practice Management solutions, they successfully establish long term relationships by providing experienced professionals who consistently exceed their customers' expectations.
