VCS provides a wide variety of clinical, business, and information technology (IT) solutions for healthcare enterprises across the United States and Canada. Since being acquired by SAIC in August 2011, VCS is now able to provide an expanded portfolio to its current and future clients, ultimately strengthening their goals of providing a higher quality of care to improve patient safety.

To facilitate our clients' strategic and IT initiatives, our consultants first listen to, then advise, and ultimately strengthen our customers' team. With 650+ consultants spanning nine practices, VCS cultivates enduring relationships by supplying experienced professionals who consistently exceed client expectations:

- VCS provides exceptional resources with customer documented high quality scores;
- Our long term relationships are based upon honesty, integrity, and a commitment to team success;
- Our mission and vision statements are aligned with our customer's to allow for maximum satisfaction on every engagement;
- We perform an exceptional and thorough recruiting, screening, skill assessment and hiring process for each consultant in order to maintain the highest quality consultants for your project.

Because VCS is a major healthcare information technology (HIT) preferred provider, you will have the peace of mind knowing that your project will receive the dedicated care that it deserves.
