Your Challenge

In today's environment of rapid technology adaption and simultaneous clinical system implementation, the demands on your staff can be enormous. The key to your success lies in the ability to resource consultants who possess both deep healthcare IT domain expertise and patient care knowledge. Consultants who can complete a project with superior results on time and on or under budget.

Our Solution

Vitalize Consulting Solutions, Inc. (VCS) provides a wide variety of clinical, business, and IT solutions for healthcare enterprises across the country and in Canada. Our comprehensive range of programs and services include system implementation, optimization, custom reporting, technology and integration, education and knowledge transfer with in the following solutions:

Use Our Team to Strengthen Yours.

VCS can assist you with your most difficult challenges. We use proprietary tools, processes and technology to source, to screen, and to engage consultants for your specific resource requirements. VCS will leverage our company's success and deep healthcare experience to deliver consultants that produce results—on time and on budget. Our consultants have professional clinical backgrounds and advanced degrees with an average of 15 years experience in their respective practice specialty. Qualifications that have proved invaluable to completing projects that consistently exceed expectations. These consultants also have the ability to train your staff so that after our project is successful, your team can continue in an exemplary fashion.

Our Consulting Services

When VCS augments your team, it is with experienced project consultants who have specific Clinical Informatics and Healthcare IT domain experience. Given our in-depth understanding of healthcare IT we are able to recruit and retain a clinically savvy consulting team ready for immediate placement at client sites. Regardless of your need, VCS can fill it, from substituting for a team member to supplying a dedicated team of 25+ to execute a large implementation, VCS will strengthen your team.
